JANUARY update

We have had a wonderful start to our second term at Montessori School of Cayman. We welcomed a few new students to MSC and some of our older Toddlers graduated to our Casa environment and have been settling in well.

Our new Toddler students started their transitions towards the end of January and have been doing a fantastic job. They are all settling in well and becoming familiar with their new school environment and routine.

As a school, we have been focusing on reviewing important Grace & Courtesy lessons to establish a peaceful harmony within our environments. These lessons help the children to understand the expectations of our school community. Grace & Courtesy focuses on teaching children how to interact with their peers and teachers, such as saying 'Good Morning' or 'please' & 'thank you!', walking in the environment, using their 'inside voices', pushing in chairs and choosing activities.

Our Toddler students have also enjoyed exploring the theme of 'Healthy Living' where they learned about fruits, vegetables! The Toddlers also explored shapes, colours and their senses in January. The students have been busy engaging in various art and sensory activities and listening to stories pertaining to each theme. They have continued to perfect their daily routine as they have experienced some big changes in their environment with new friends! Our Casa students began exploring the Continents! So far they have learned about North America and South America. This month they will explore the Continents of Europe and Africa - Ms. Emy (from Italy), Ms. Julia (from Spain) and Ms. Lulu (from Namibia) will all visit the Casa environment to share a special dish or presentation with the children.

We're looking forward to an exciting month ahead and wish you all a wonderful February!
